United Way of Wayne County Surpasses Campaign Goal

Newark N.Y. - The United Way of Wayne County has surpassed their 2017 campaign goal. The organization raised over \$547,000 during the annual campaign. The funds will benefit health and human service programs in Wayne County that address the community's most pressing needs.

"This is a great win for our community. It's truly a testament to the generosity of the people in our county that we have achieved campaign success for the benefit of vital programs and services to help those in need. Many organizations and individuals gave and increased their gifts, and I'd like to thank everyone who contributed to this year's campaign. We did this together," said Phil McCann, Board President for United Way of Wayne County.

Thanks to the generosity of individual donors, and employees who gave through their workplace campaign, the United Way Community Fund will continue to help our community thrive and mitigate poverty with a focus on: basic needs, success for kids, strengthening families, disability services and keeping seniors healthy.
