

THANK YOU! Business Leaders! Individuals! Stronger Together

We are grateful for your generosity! Your leadership and commitment to United Way of Wayne County Community Fund made it possible for us to deploy resources in the immediate areas of health, human services, food and support for frontline responders. Together we will help our community through this crisis. We recognize Wayne County area businesses for their philanthropic contributions during the 2020 campaign. We also want to thank each individual whose donation helps to uplift people in our Wayne County community every day. Thank you to our Community Partners, who we continue to admire for their unwavering commitment to serve those in greatest need and to all the volunteers. Well Done!
