

**DAY OF CARING is back in WAYNE COUNTY  
it will be on Wednesday, May 19 this year!**

*United Way Day of Caring is the largest, single-day volunteer effort in our Wayne County community! Volunteers have rolled up their sleeves for over 29 years to, landscape, paint, hammer, saw, rake, plant, weed, reorganize, be a companion and lend a hand at local non-profit agency locations throughout Wayne County. Please volunteer to help if you can.*

**Please sign up to Volunteer this year via email to: [newark@uwrochester.org](mailto:newark@uwrochester.org), by April 19, so we may continue this service to the community.**

Have you signed up to participate in, "Personal Care Needs" project collection at your business? If not, see attached for details.

The United Way Day of Caring is the "Give Back", "Pay It Forward", "Thank You Day", to local non-profit agencies who work tirelessly all year, to enrich life in our community. We are grateful to all of the businesses, schools and agencies that allow their staff to volunteer, to make this day possible.

Thank you on behalf of the UWWC Board of Directors and Staff!
